

Build-A-Bear Workshop, Inc. Reports Increases in Total Revenues and Pre-Tax Income in First Quarter Fiscal 2019 and Reaffirms Annual Total Revenues and Pre-Tax Income Guidance

May 31, 2019

For the first quarter of fiscal 2019:

- **Total Revenues increase to \$84.4 million from \$83.2 million in the first quarter of fiscal 2018**
- **Pre-Tax Income rises to \$2.4 million from \$0.6 million in the first quarter of fiscal 2018**

ST. LOUIS--(BUSINESS WIRE)--May 31, 2019-- Build-A-Bear Workshop, Inc. (NYSE: BBW) today reported results for the first quarter, 13-weeks ended May 4, 2019.

Sharon Price John, Build-A-Bear Workshop President and Chief Executive Officer, commented, “We have had a solid start to the year with growth in total revenues, expansion in gross margin and disciplined expense management resulting in a \$1.8 million increase in first quarter pre-tax income compared to the same period in the prior fiscal year. Other highlights in this year’s first quarter include a significant increase in commercial revenue as strategies to diversify revenue streams by leveraging the power of our brand continued to gain traction. We also delivered our sixth consecutive quarter of double-digit e-commerce growth as initiatives in both gifting and affinity programs gained momentum. In addition, we continue to focus on our Count Your Candles birthday program which has consistently driven new guest acquisition and Bonus Club membership. As we expected, a stronger slate of family-centric movies had a positive impact on sales of products tied to the films, and we saw traffic levels at Build-A-Bear Workshop stores outpace national trends although still slightly negative versus the prior year. Sales growth in North America was partially offset by ongoing double-digit sales declines in our largest international market, the United Kingdom, which is expected to have uncertainty throughout the year.

“Although we will be up against heavy promotional activity that occurred last year, we are encouraged by the positive trends thus far in the second quarter and expect to benefit from additional movie releases slated throughout the year. Furthermore, we are actively working to expand a number of key relationships that are expected to positively impact the business. Overall, we remain confident that the ongoing implementation of our strategy to leverage the power of the Build-A-Bear brand will result in long-term profitable growth and enhanced value for our shareholders,” concluded Ms. John.

First Quarter 2019 Highlights (13 weeks ended May 4, 2019 compared to the 13 weeks ended May 5, 2018):

- Total revenues were \$84.4 million compared to \$83.2 million in the fiscal 2018 first quarter;
- Consolidated net retail sales were \$81.0 million compared to \$81.4 million in the fiscal 2018 first

quarter;

- Retail gross margin expanded 90 basis points to 45.2%, this increase was mainly driven by merchandise margin expansion and lower occupancy costs;
- Selling, general and administrative expenses (“SG&A”) were \$35.8 million, or 42.4% of total revenues, compared to \$36.3 million, or 43.7% of total revenues, in the fiscal 2018 first quarter;
- Pre-tax income was \$2.4 million compared to \$0.6 million in the fiscal 2018 first quarter;
- Income tax expense was \$1.2 million with an effective tax rate of 50.3% compared to \$0.3 million with an effective rate of 45.2% in the fiscal 2018 first quarter. The income tax expense in the first quarter of fiscal 2019 was higher than the statutory rate primarily because no tax benefit was recorded on losses in certain foreign jurisdictions; and
- Net income was \$1.2 million, or \$0.08 per diluted share, compared to \$0.4 million, or \$0.02 per diluted share, in the fiscal 2018 first quarter.

Store Activity:

In the first quarter of fiscal 2019, the Company did not open any new stores, reformatted two stores and closed 5 locations. As of May 4, 2019, the Company operated 366 corporately-managed locations, including 307 in North America and 59 outside of North America. In addition, the Company ended the first quarter of fiscal 2019 with four seasonal locations compared to two seasonal locations at the end of the first quarter of fiscal 2018. The Company’s international franchisees ended the quarter with 90 stores in 12 countries.

Balance Sheet:

At quarter end, the Company had cash and cash equivalents of \$20.2 million, an increase of \$1.4 million compared to the prior year quarter end and had no borrowings under its revolving credit facility. Total inventory at quarter-end was \$56.0 million compared to \$49.4 million at the end of the fiscal 2018 first quarter due to an increase in inventory related to the timing of new movie launches as well as in-transit inventory to support new product introductions. In the first quarter of fiscal 2019, capital expenditures totaled \$2.7 million and depreciation and amortization totaled \$3.5 million.

On February 3, 2019, the Company recorded lease liabilities of \$177.5 million upon adoption of the new lease accounting standard, also referred to as ASC Topic 842, based on the present value of remaining lease payments. A corresponding right-to-use asset of \$150.8 million was recorded on the balance sheet which was net of accrued and prepaid rent, deferred lease incentives and impairment charges. Impairment charges of \$7.4 million (net of tax) were recorded as a reduction to retained earnings in adopting the new standard. The recognition of rent expense and payments associated with these lease assets and liabilities will not result in material differences to operating income or cash flows compared to the previous accounting rules, nor does it impact the Company’s bank agreement covenants.

Fiscal 2019 (52 weeks ended February 1, 2020 compared to the 52 weeks ended February 2, 2019)GAAP Expectations for the Company currently include:

- Total revenues to increase in the range of mid- to high-single digits;
- Pre-tax income to be slightly positive, reflecting the increased sales as well as improved gross profit margin;
- Capital expenditures to be in the range of \$13 to \$15 million; and
- Depreciation and amortization to be in the range of \$15 to \$17 million.

The Company notes that the above guidance assumes that there are no material changes to current tariff

rates or policies.

Today's Conference Call Webcast:

Build-A-Bear Workshop will host a live internet webcast of its quarterly investor conference call at 9 a.m. ET today. The audio broadcast may be accessed at the Company's investor relations website, <http://IR.buildabear.com>. The call is expected to conclude by 10 a.m. ET.
