

Build-A-Bear Workshop, Inc. Reports Second Quarter Fiscal 2020 Results Including the Impact of Covid-19 and Resulting Actions

September 1, 2020

- **Closes the quarter with \$25.3 million in cash and cash equivalents, an increase of \$10.3 million or 69%, compared to the fiscal 2019 second quarter end**
- **Reduces selling, general and administrative expenses by \$14.2 million, or 40%, compared to the fiscal 2019 second quarter**
- **Accelerates e-commerce sales with a 299% increase compared to the fiscal 2019 second quarter**
- **Recently announced the completion of a new five-year credit facility including a revolving line of credit for up to \$25 million**

ST. LOUIS--(BUSINESS WIRE)--Sep. 1, 2020-- Build-A-Bear Workshop, Inc. (NYSE: BBW) today reported results for the second quarter and 26 weeks ended August 1, 2020. The Company noted that the global COVID-19 pandemic had a significant negative impact on its operating performance during the second quarter as stores were forced to remain closed for a portion of the period while business shifted sharply to e-commerce.

Second Quarter Fiscal 2020 Results: (13 weeks ended August 1, 2020 compared to the 13 weeks ended August 3, 2019):

- **Total Revenues** were \$40.4 million compared to \$79.2 million in the fiscal 2019 second quarter, reflecting 60% fewer operating days, driven by the significant impact of temporary store closures due to the COVID pandemic partially offset by a 299% increase in e-commerce sales;
- **Loss per share** totaled \$0.93, including \$2.1 million in estimated non-cash asset impairment charges compared to a loss per share of \$0.08 in the fiscal 2019 second quarter;
- **Adjusted loss per share** totaled \$0.82, compared to an adjusted loss per share of \$0.02 in the fiscal 2019 second quarter (see Reconciliation of GAAP to Non-GAAP Results); and
- **Maintained solid balance sheet with no borrowings on its credit facility with cash and cash equivalents** of \$25.3 million, an increase of \$10.3 million compared to end of the fiscal 2019 second quarter.

Operational Highlights for the Second Quarter of fiscal 2020:

- **Retail merchandise margin improved by 210 basis points** compared to the fiscal 2019 second quarter driven by lower promotional activity and favorable merchandise mix;
- In the second quarter and continuing through the end of August, reflecting its strong lease flexibility, the Company has **successfully completed renegotiations of approximately 95% of its store leases** resulting in a combination of rent reductions, deferments and abatements;

- **Total inventory** at quarter-end was \$55.5 million, an 11% decrease compared to the end of the fiscal 2019 second quarter; and
- **Selling, general and administrative expenses reduced** by \$14.2 million from the second quarter of fiscal 2019 reflecting expense saving initiatives as well as the benefit of a corporate reorganization.

Following Quarter End:

- In August, the Company saw a sequential improvement in sales trends in its operating stores and recaptured over 80% of sales in its brick and mortar locations which was an improvement from 70% in its second quarter compared to the same periods in fiscal 2019, while its e-commerce demand continued to grow at triple-digit rates;
- The Company entered into a new five-year asset-based credit facility including a revolving line of credit for up to \$25 million.

Sharon Price John, Build-A-Bear Workshop President and Chief Executive Officer, commented, “Our second quarter results show the impact of store closures in response to the COVID-19 pandemic and the significant shift to e-commerce which increased nearly 300% for the period. We put actions in place to drive sales while reducing inventory and leveraging the high optionality that we had in place with leases to renegotiate terms on approximately 95% of our store locations to date. In addition, strict expense management, revised marketing activities and a corporate reorganization contributed to \$14.2 million in cost savings, or a 40% reduction, as compared to the prior year’s second quarter.”

“Entering the third quarter, we have reopened approximately 90% of our corporately-managed store locations with a reimagined bear-building experience that reflects recommended safety protocols designed to continue to keep both our associates and our guests as safe as possible. We have seen sales trends steadily improve in store locations while e-commerce has continued to be strong. To support the increase in digital sales, we have enhanced our omni-channel capabilities with rapid expansion of “buy online, ship from store” which also allows us to take advantage of geographic proximity and available store labor to meet the higher demand. We have initiatives in place to further accelerate our digital transformation which has been a key pillar of our strategy to capitalize on the power of our Build-A-Bear brand and diversify our revenue streams. Finally, with an ongoing focus on financial liquidity, we recently entered a new agreement for an asset-based credit facility giving us increased flexibility to manage through these unusual circumstances resulting from the COVID-19 impact while we simultaneously continue to execute our strategic plans designed to drive long term profitable growth for the benefit of our stakeholders,” concluded Ms. John.

Additional Second Quarter 2020 Results (13 weeks ended August 1, 2020 compared to the 13 weeks ended August 3, 2019):

- Retail gross margin was 23.1% of retail sales. The retail gross margin rate, excluding estimated non-cash store impairment charges, declined 2,099 basis points, including 1,862 basis points related to fixed occupancy costs that were recorded through the end of the second quarter despite store closures beginning on March 18, 2020 and 429 basis points related to warehouse and distribution costs, both partially offset by an expansion in merchandise margin;
- Pre-tax loss was \$14.0 million compared to pre-tax loss of \$0.7 million in the fiscal 2019 second quarter. Fiscal 2020 second quarter pre-tax loss included \$2.1 million, or \$0.14 per share, related to estimated asset impairment charges;
- Income tax benefit was \$74,000 compared to income tax expense of \$482,000 in the fiscal 2019 second quarter; and
- Net loss was \$13.9 million, or a loss of \$0.93 per share, compared to net loss of \$1.2 million, or a loss of \$0.08 per share, in the fiscal 2019 second quarter.

Store Activity:

As of August 1, 2020, 359 stores were operating representing approximately 90% of the Company's corporately-managed locations including 307 in North America and 52 outside of North America. The majority of locations associated with the Company's third-party retail model with relationships that include Carnival Cruise Lines, Great Wolf Lodge Resorts, Landry's and Beaches Family Resorts as well as international franchise locations, were either closed or operated under restrictions for a portion or all of the quarter.

Balance Sheet:

At quarter end, cash and cash equivalents were \$25.3 million, an increase of \$10.3 million compared to the end of the fiscal 2019 second quarter driven by disciplined expense and working capital management as well as the temporary suspension of rent payments while the Company renegotiated the terms of its store leases. Total inventory at quarter-end was \$55.5 million a decline of \$6.6 million, or 11%, compared to \$62.1 million at the end of the fiscal 2019 second quarter. The Company noted that it is comfortable with the quality and composition of its inventory at quarter-end.

In the fiscal 2020 second quarter, capital expenditures totaled \$0.5 million compared to \$2.5 million in the fiscal 2019 second quarter. Depreciation and amortization was \$3.3 million compared to \$3.3 million in the fiscal 2019 second quarter.

Preliminary Second Quarter 2020 Results

The Company's fiscal second quarter 2020 financial results and disclosures in this press release reflect the Company's current views, including with respect to estimated charges for impairment of long-lived and right-of-use assets. Final financial results and other disclosures will be reported in the Company's Quarterly Report on Form 10-Q to be filed with the Securities and Exchange Commission and may differ from the results and disclosures in this press release due to, among other things, the completion of closing and review procedures, change in management's views including of estimates, and the occurrence of subsequent events. The Company urges you to read the Form 10-Q when it becomes available.

Note Regarding Non-GAAP Financial Measures:

In this press release, the Company's financial results are provided both in accordance with generally accepted accounting principles (GAAP) and using certain non-GAAP financial measures. In particular, the Company provides historic income and income per diluted share adjusted to exclude certain costs and accounting adjustments, which are non-GAAP financial measures. These results are included as a complement to results provided in accordance with GAAP because management believes these non-GAAP financial measures help identify underlying trends in the Company's business and provide useful information to both management and investors by excluding certain items that may not be indicative of the Company's core operating results. These measures should not be considered a substitute for or superior to GAAP results. These non-GAAP financial measures are defined and reconciled to the most comparable GAAP measure later in this document.

Today's Conference Call Webcast:

Build-A-Bear Workshop will host a live internet webcast of its quarterly investor conference call at 9 a.m. ET today. The audio broadcast may be accessed at the Company's investor relations website, <http://IR.buildabear.com>. The call is expected to conclude by 10 a.m. ET.

A replay of the conference call webcast will be available in the investor relations website for one year. A telephone replay will be available beginning at approximately noon ET today until midnight ET on September 8, 2020. The telephone replay is available by calling (844) 512-2921. The access code is 13706737.
