ST. LOUIS--(BUSINESS WIRE)--Build-A-Bear Workshop, Inc. (NYSE: BBW), an interactive entertainment retailer of customized stuffed animals, today reported results for the 2008 first quarter. Fiscal 2008 first quarter (13 weeks ended March 29, 2008) total revenue increased 6% to \$123.8 million, compared to \$116.8 million in the fiscal 2007 first quarter (13 weeks ended March 31, 2007).

First quarter net income was \$6.4 million or \$0.32 per diluted share and includes costs associated with the review of strategic alternatives of \$0.01 per share. Costs associated with the review were not included in the fiscal 2007 first quarter. Excluding these costs, the Company's net income was \$6.7 million, or \$0.33 per diluted share. The Company reported net income of \$8.1 million or \$0.39 per diluted share in last year's first quarter.

"While our results continue to reflect challenges in the North American retail environment, it is clear that we are making significant progress in our European operations and the strong adoption of buildabearville.com[™] shows that our overall brand franchise remains strong," said Build-A-Bear Workshop Chairman and Chief Executive Bear, Maxine Clark. "With the conclusion of the strategic review process and our decision to moderate our new store growth, we are concentrating on expense control while also strengthening our brand position for the long term and positioning ourselves for an improving economy. We have also maintained a very strong and flexible balance sheet, which enables us to make strategic investments in our business and to enhance shareholder value through the repurchase of our stock."

Fiscal 2008 first quarter total revenue includes net retail sales of \$121.9 million, an increase of \$6.0 million or 5% compared to last year's first quarter. Net retail sales growth was driven by new stores opened in North America during the past twelve months and an increase in sales from European operations of \$5.6 million. First quarter total revenue also includes revenue from international franchise fees and third-party licensing.

First quarter 2008 consolidated comparable store sales (North American and European operations) declined 10.5%. Comparable stores sales in North America declined 13.1% compared to a decline of 6.9% in the 2007 first quarter. Comparable stores sales in Europe increased 14.5%. During the 2008 first quarter the Company began reporting comparable store sales for European operations for the first time.

Net retail sales from European operations totaled \$16.4 million in the 2008 first quarter, compared to \$10.8 million in the 2007 first quarter, an increase of 52%. The operating loss from European operations totaled \$0.1 million in the 2008 first quarter, compared to a loss of \$2.2 million in the 2007 first quarter. The 2007 first quarter European operating loss included costs associated with closing one store in France previously owned by a franchisee.

The fiscal 2008 first quarter net income of \$6.4 million includes costs associated with the review of strategic alternatives of \$0.5 million (\$0.3 million net of tax or \$0.01 per diluted share). Also included in the 2008 first quarter is stock-based compensation expense of \$0.9 million (\$0.5 million net of tax or \$0.03 per diluted share). Fiscal 2007 first quarter results include the impact of stock-based compensation expense of \$0.6 million (\$0.4 million net of tax or \$0.02 per diluted share).

During the 2008 first quarter, the Company opened two new Build-A-Bear Workshop[®] (BABW) retail stores in North America, as planned, compared with opening four new BABW stores during the 2007 first quarter. In Europe, the Company opened two new stores -- in Belfast, Ireland and High Wycombe, England -- compared with opening two new stores during the 2007 first quarter. Build-A-Bear Workshop Company-owned stores at the end of the first quarter totaled 274 in North America and 51 in Europe.

The Company plans to slow new store growth in 2008 compared to 2007. The Company currently plans to open 25 new companyowned stores – approximately 20 new stores in North America (vs. 39 new stores in 2007) and approximately five new stores in Europe (vs. 11 new stores in 2007).

International Franchising

The Company ended the fiscal 2008 first quarter with 52 international franchise stores located in 15 countries. The Company currently has franchise agreements covering 21 countries and anticipates franchisees will open 15 to 20 new stores (net of store closings) in 2008.
